

# The Harry Gosling Herald

There seems to have been a 'crimewave' at Harry Gosling this week with strange things happening in Reception classes and Year 1 classes!!! Don't worry, these exciting events

are all examples of ways our teachers have been making our learning as exciting and as life-like as possible. Red and Yellow classes really enjoyed their visit from police officer and school governor, Hilal, on Tuesday.

This week we also had a visit from the team from the Maiden Factor. Maiden is a famous yacht which will be sailing around the world in the next few years spreading the message of the importance of education for girls around the world. Some children in years 3, 4 and 5 wrote winning messages of hope for other girls who do not have access to education around the world, and this week added their hand prints to the yacht's sail. We look forward to seeing some of their messages published later this year, and to staying in touch with Maiden on her voyage!

Following our very successful harvest collection for the local Food Bank last year, we have collected again this year. Look at this wonderful selection of food. Thank you SO much to everyone who contributed, and thank you to Janice and our wonderful PSA committee and other parents for helping to collect and sort the donations. Best wishes, Jennie

## 'The book I recommend is...'

Helia from Blue Class recommends 'A Day at the Eden Project'.

"This book is about a special place called the Eden Project, where there are plants from all over the world. This book is full of facts, and talks about giant biomes. These are giant spaces where they can change the temperature so that famous plants from other countries can grow. I enjoyed it because we have been learning about plants and I think that other children might love the pictures of the flowers as well. You can even go and visit the Eden Project in Cornwall!"
