

Harry Gosling Weekly News

Friday 10th May 2024

The weather has been shining brightly this week and we have all been able to enjoy the beautiful weather. Year 3 went on a trip this week to the Billingsgate Roman House and Baths to see where some of their artwork will be displayed. This is part of the project Year 3 are involved with, with the City of London, called Londinium Reimagined. As the weather continues to improve, I remind parents that uniform is still important and children should be wearing the correct uniform at all times. Parents please be mindful of the footwear children wear during the summer as they are in and around school, with lots of children and lots of running around! Wishing you all a wonderful weekend and hope you get to enjoy the beautiful weather with your families and loved ones.
